

Extend Your Reach With Our APIs

Ocra is the **most robust middleware** in the parking industry. Take advantage of our flexibility to integrate or embed Ocra's solutions into your own platform.

Universal Inventory

Blackout Control

Centralized Reporting

One-Click Rate Management

Embed & White Label

- Plug in the entire Ocra platform
- We hand you the code, you drop it in
- We customize with your logo & colors
- Limited development on your end

Use Ocra Rails

- Select solutions à la carte
- Design your own user interface
- All of our solutions can be managed using our APIs, so it's simple to add new functionality to your platform

	White Label	Ocra Rails
Universal Inventory	✓	✓
Blackout Control	✓	✓
Centralized Reporting Database	✓	✓
One-Click Rate Management	✓	✓
Data Access	✓	✓
Design Your Own Interface		✓
Custom Branding (Colors & Logo)	✓	
Advanced Permissioning	✓	

Increase productivity, expand functionality, & use our APIs to communicate with **other companies** instead of building your own from scratch.
